

**You can finally lose
weight safely and
healthily.**

Liporex™

some it is not that simple, Leptin will not help everyone lose large amounts of weight. For some people its just simply poor nutrition and lack of exercise, the best diet and exercise plan in the world won't work unless the Leptin levels are correct.

Weight loss can be very difficult for individuals with Leptin problems, but with **Liporex™** you can balance your Leptin levels. With **Liporex™** you can get your body in balance and put your appetite on the level it needs to be on, with **Liporex™** you can put your metabolism on the level it needs to be on, and with **Liporex™** you can reset your "set" body size.

Just like everything else, some people are more susceptible to having problems with their Leptin levels than others. Many people who try to lose weight can find it to be difficult even if they eat smaller portions and exercise, this can be due to their Leptin levels and regulating these levels will end their battle with the scale. But for

**"Thank you, your product is
absolutely amazing! Within the first
month I saw a noticeable difference in
the way I ate: not as much and I am
eating healthier than ever before. I am
now a whole new person and I owe it
all to your product."**

- Kelly; Atchison, KS

Directions

To reach optimal results with **Liporex™** take one pill when you wake and 2 pills 1 hour before bed time. Try to create a schedule so you are taking the pills at the same time every day. By doing this you are increasing the effectiveness of the pills. It is recommended that you consume a minimum of 1200 calories per day.

www.liporex.com

If this amount is impossible due to loss of appetite, reduce dosage or discontinue use. Due to the limited amount of food you will be able to consume we strongly recommend that you eat a high amount of protein and reduce the amount of sugar and refined carbohydrates that you intake. We recommend keeping **Liporex™** refrigerated to keep the herbal blend at its utmost potency. If any problems occur or you have any questions, please contact the **Liporex™** help center at 800.492.1480.

Liporex Contains:
